

Jumpstart: Consulting Workshop

Overview

This consulting workshop will maximize your time and resources by helping you quickly understand and utilize the capabilities of VMware VirtualCenter in conjunction with VMware ESX Server or GSX Server.

Deliverables

- Present an interactive proof of concept workshop to facilitate knowledge transfer on VMware VirtualCenter architecture, administration, operations, and best practices with respect to ESX Server or GSX Server
- Provide a standard installation of a single VMware VirtualCenter management server to facilitate discussion and testing

Target Audience

- Architects and administrators using VMware ESX Server or GSX Server

Note: new customers should obtain appropriate VMware platform (ESX Server or GSX Server) training prior to the VirtualCenter Jumpstart

Roles and Responsibilities

- W&G Senior Consultant – Conducts VMware ESX Server Jumpstart Workshop.
- Project Manager – Plans and coordinates all IT functions involving VMware product use.
- System Administrator – Responsible for server hardware, storage, and networking.
- Server Administrator – Responsible for managing server systems (guest OS and applications).

Key Benefits

- Come up to speed quickly with VMware VirtualCenter
- Leverage deep consulting experience

Pricing

- \$6,000 + travel and incidental costs
- Up to 2 Days Onsite
- Limit 5 Participants

Requirements

- Customer-provided server hardware, database and OS compatible for installing VMware VirtualCenter
- Existing VMware ESX Server(s) or GSX Server(s)
- Supported connected SAN Storage (if using VMotion)
- Customer-provided conference room with projector and networked desktops/laptops running minimum Win 2000

WORKSHOP AGENDA

Offsite

- Pre-Jumpstart call/discussion to review objectives and preparation

Onsite

- Jumpstart kick-off meeting
- VMware VirtualCenter technical architecture and overview
- Configuration constraints and issues
- Proof of concept: VirtualCenter installation
- Proof of concept: templates and provisioning virtual machines
- Proof of concept: migrating virtual machines
- Proof of concept: sample policies, roles, and alerts
- Wrap up and next steps
- Questions and issues follow-up

W&G warrants that it will perform these workshop services in a reasonable manner using generally accepted industry standards and practices.
